

NATIONAL QUALITY STANDARDS FRAMEWORK FOR HOMELESS SERVICES IN IRELAND

Quality Assessment & Improvement Workbook

Dublin Region Homeless Executive

The Housing (Miscellaneous Provisions) Act 2009 provides a statutory structure to address the needs of people who are experiencing homelessness in Ireland. The Act outlines a statutory obligation to have an action plan in place and the formation of a Homelessness Consultative Forum and a Statutory Management Group.

In the Dublin region, the Dublin Joint Homelessness Consultative Forum and Statutory Management Group are in place to respond to homelessness across the four Dublin local authority areas. The Dublin Region Homeless Executive is responsible for providing support and services to the Dublin Joint Homelessness Consultative Forum and the Statutory Management Group via Dublin City Council, as the lead statutory local authority. It adopts a shared service approach across South Dublin County Council, Fingal County Council and Dúnlaoghaire- Rathdown County Council.

LEVELS OF QUALITY	5
OVERVIEW OF ASSESSMENT PROCESS	7
THEME 1: PERSON-CENTRED SERVICES	9
Standard 1.1: The rights and diversity of each service user are respected and promoted.....	11
Standard 1.2: A culture of service user involvement is evident in practice and the service users’ needs and views are sought and responded to at all levels of planning and delivery.....	12
Standard 1.3: Service users’ complaints and concerns are listened to and acted upon in a timely, supportive and effective manner.....	17
Standard 1.4: Service users exercise choice and autonomy in their daily lives and in accordance with their preferences.....	20
IMPROVEMENT ACTIONS FOR THEME 1	23
THEME 2: EFFECTIVE SERVICES	27
Standard 2.1 Homeless services offer effective and early interventions at the point of entry to prevent or reduce the experience of homelessness.....	27
Standard 2.2 Services offer effective assessment of housing and support needs and offer effective support planning to persons at-risk-of or experiencing homelessness.....	31
Standard 2.3 Services work together to deliver integrated support and care to persons at-risk-of or experiencing homelessness.....	36
Standard 2.4 Services users receive consistency and continuity of support to achieve and sustain exit from homeless services.....	39
IMPROVEMENT ACTIONS FOR THEME 2	42
THEME 3: SAFE SERVICES	43
Standard 3.1 Service users are safeguarded and protected from abuse and their safety and welfare is promoted.....	45
Standard 3.2 Services assess and manage risk to promote the safety of service users, staff and the wider community.....	49
Standard 3.3 Services to persons at-risk-of or experiencing homelessness are compliant with relevant legislation regarding the security, health and safety of service users, staff, volunteers and the wider community	54
Standard 3.4 The physical environment promotes the safety, health and well-being of service users.....	57
IMPROVEMENT ACTIONS FOR THEME 3	61
THEME 4: HEALTH, WELL-BEING AND PERSONAL DEVELOPMENT	62
Standard 4.1 Services promote positive health and well-being	63
Standard 4.2 Service users are supported to reduce harm caused by alcohol and/or substance misuse.....	66
Standard 4.3 Services engage with other agencies to provide access to a range of services for service users to promote their welfare, training and employment opportunities.....	68
IMPROVEMENT ACTIONS FOR THEME 4	70

THEME 5: LEADERSHIP, GOVERNANCE AND MANAGEMENT	71
Standard 5.1 Services have effective leadership, governance and management arrangements to deliver effective services to persons at-risk-of or experiencing homelessness.....	74
Standard 5.2 Services perform their functions in accordance with relevant legislation, regulations, national policies and standards to prevent homelessness or minimize the service user’s experience of homelessness.....	78
Standard 5.3 Services operate within a culture of continuous quality improvement	80
IMPROVEMENT ACTIONS FOR THEME 5	82
THEME 6: USE OF RESOURCES	83
Standard 6.1 Resources are used to prevent homelessness or reduce the time spent in homelessness.....	84
IMPROVEMENT ACTIONS FOR THEME 6	86
THEME 7: RESPONSIVE WORKFORCE	87
Standard 7.1 Recruitment of staff is based on selection of staff with the knowledge, skills and experience to prevent and reduce homelessness.....	89
Standard 7.2 Staff demonstrate competency in safe and effective service delivery to persons at- risk-of or experiencing homelessness.....	92
Standard 7.3 Services develop and support staff, both paid and voluntary, to deliver safe and effective services.....	96
Standard 7.4 Staff are responsive to service users and consistently adapt their practice to deliver safe and effective services to persons at-risk-of or experiencing homelessness.....	100
IMPROVEMENT ACTIONS FOR THEME 7	103
THEME 8: USE OF INFORMATION	104
Standard 8.1 Information is used to plan and deliver person-centred, safe and effective services and supports.....	105
Standard 8.2 Information governance arrangements ensure secure record-keeping and file management systems are in place to deliver a person-centred and effective service.....	108
Standard 8.3 Homeless services provide clear, accessible information to service users, staff and others.....	112
IMPROVEMENT ACTIONS FOR THEME 8	115

INTRODUCTION

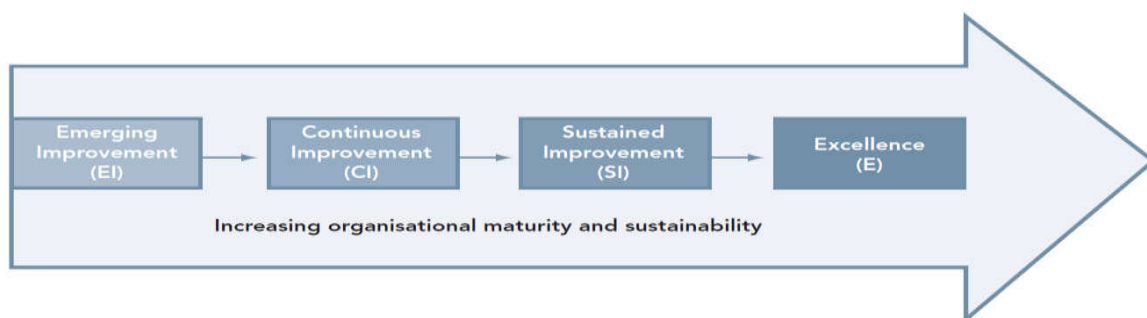

Welcome to the National Quality Standards Framework for Homeless Services “Assessment and Improvement Workbook”. This workbook has been developed to support services in implementing the National Quality Standards Framework during Phase 3 of the implementation process. Phase 3 will begin on January 1st 2017 using this revised format, in order to align reporting processes for Department of Housing Planning Community and Local Government (Section 10) funded services with reporting requirements for HSE (Section 39) funded services. It is important to note that all aspects of the NQSF used in Phase 2 have been kept, but reformatted in line with HIQA National Standards for Safer Better Healthcare and learning from the HSE Quality Assessment and Improvement Tool which is used as a resource in facilitating assessment against the NSSBH.

This Phase 3 Workbook will support homeless service providers in preparing for internal assessment of quality in the delivery of their services. The core aim of the NQSF project is to support a model of continuous quality improvement within homeless services in order to improve outcomes for service users.

Changes from Phase 2 format to Phase 3 format:

There are 8 themes, each containing a number of standards. Each **Standard** has an **Essential Element** of Quality under each Theme. The Essential Elements are specific, tangible translations of the National Quality Standards. They represent those key aspects of quality you would expect to see within a service that is delivering safe, sustainable, high quality care. There are four Levels of Quality for each Standard (see Fig 1: Quality Improvement Continuum). These Levels build on each other and allow services to objectively assess the Level of Quality and maturity that most accurately reflects their service. The content within each Level are guiding prompts to what a service should be achieving at that Level and are not specific criteria that must be in place. Progress through these ascending Levels of Quality assumes that the main aspects of quality within the previous level have been achieved before you move to the next level.

Fig 1: Quality Improvement Continuum:

The 4 levels of quality are described in Fig 2: Levels of Quality.

Fig 2: Levels of Quality

LEVELS OF QUALITY	
Emerging Improvement (EI)	There is progress with a strong recognition of the need to further develop and improve existing governing structures and processes.
Continuous Improvement (CI)	There is significant progress in the development, implementation and monitoring of improved quality systems.
Sustained Improvement (SI)	Well established quality systems are evaluated, consistently achieve quality outcomes and support sustainable good practice.
Excellence (E)	The service is an innovative leader in consistently delivering good patient experience and excellent quality care.

A list of **Examples of Evidence** is provided for each Standard's Essential Element to support you in verifying your selected Level of Quality for each Essential Element. This list is intended as a guide and services can include **Additional Evidence** that better supports their selected level.

Similarly services may provide **Additional Information** to contextualise / support their assessment:

- Structures and processes in place and how they have been evaluated
- Strategies and plans developed and implemented
- Risks identified and improvement actions taken
- Challenges to progressing to higher levels of quality
- Outcomes achieved and examples of good practice.

The key output of this assessment is the development of a **cyclical Quality Improvement Action Plan** which seeks to improve the quality of your service.

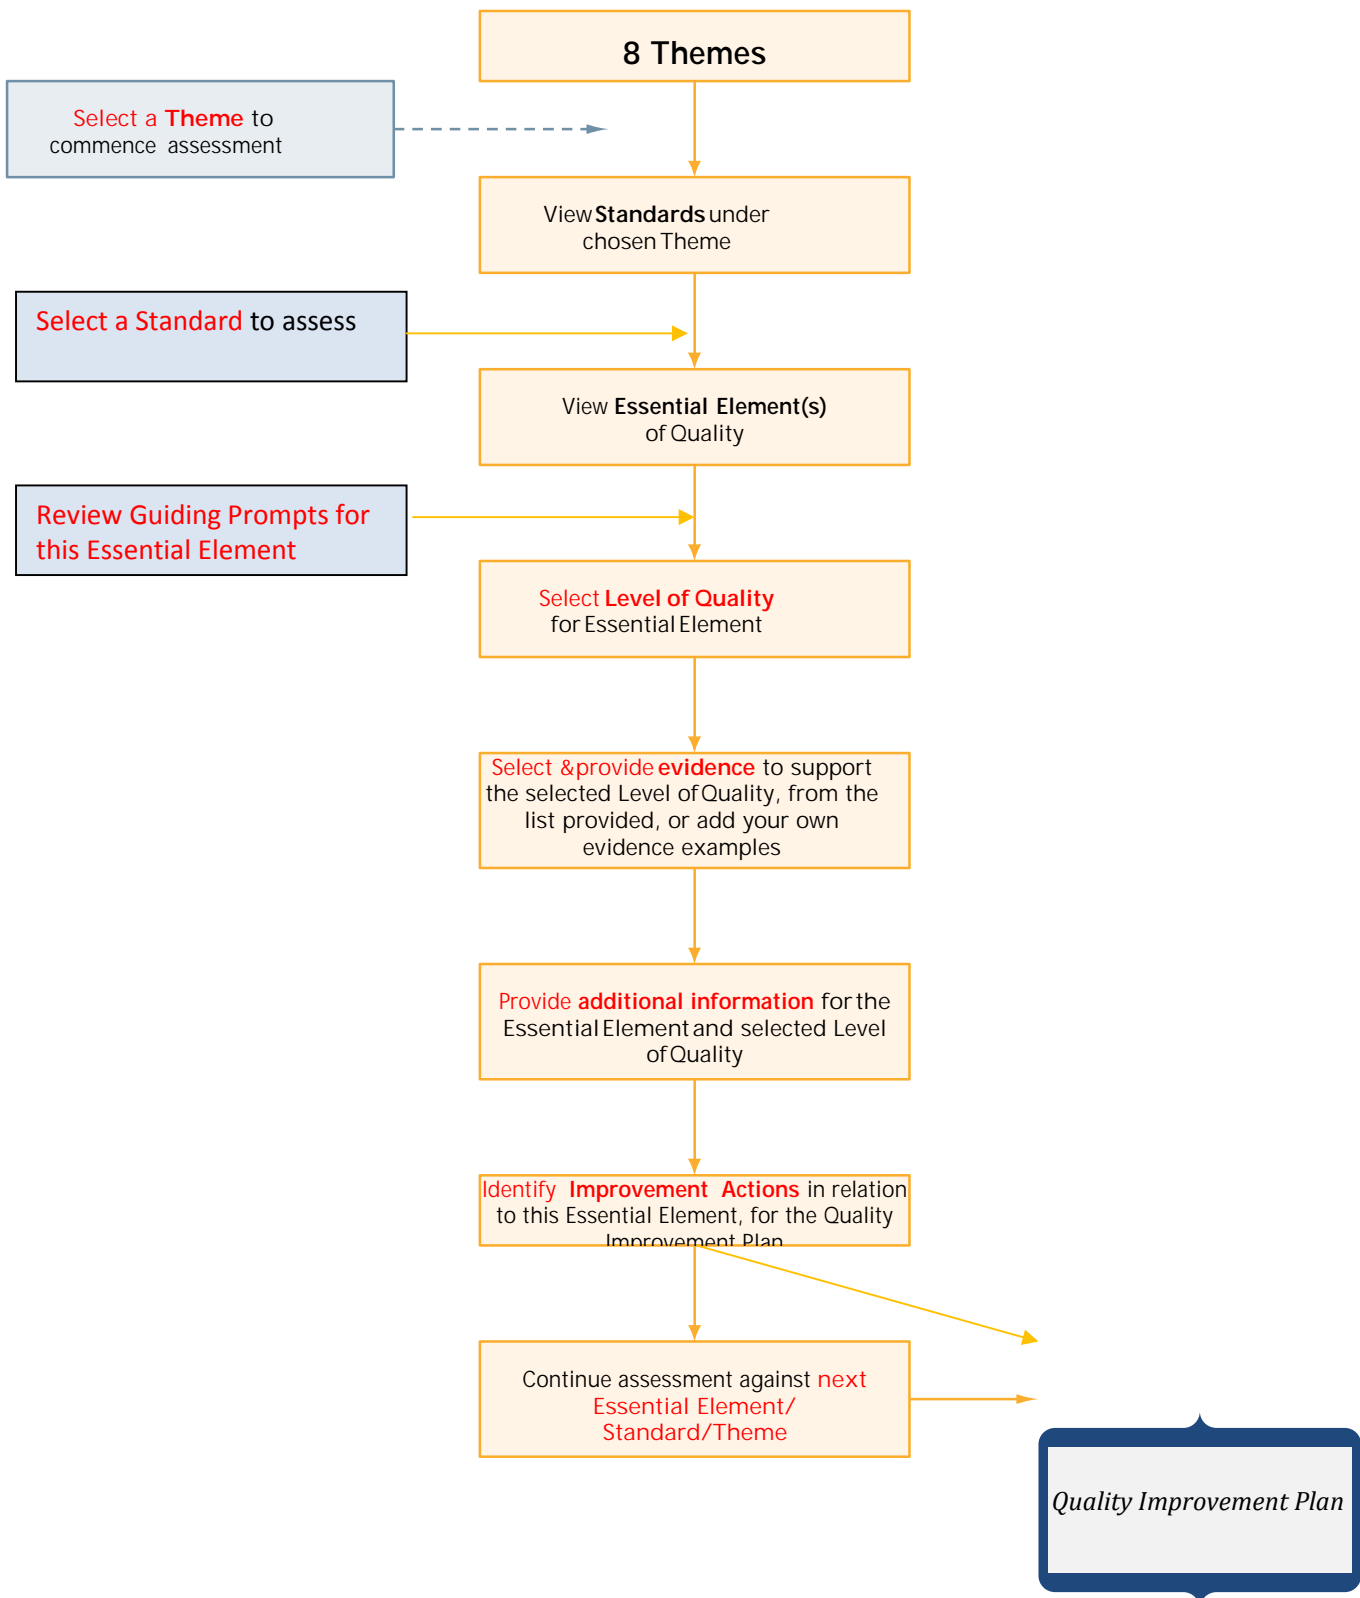

The key components of the NQSF which were used in Phase 2 have been reformatted directly into this structure as outlined in Figure 3: Outline of Phase 2 changes to Phase 3.

Figure 3: Outline of Phase 2 changes to Phase 3 format

NQSF Phase 2: Key components	Phase 3 format
8 Themes	No change
27 Standards	No change
Summary of Standard	Essential Element
Outcomes	What a Service User can expect when a homeless service is meeting these standards
Key Features	Guiding Prompts: Levels of Quality x 4
Process Indicators	Reduced list to Lead LA each quarter, also HSE KPIs
Monitoring Checklist	Examples of evidence to verify selected level of quality
Service User Experience	Across Guiding Prompts: Levels of Quality x 4
Add your own Evidence	New
Additional Information	New
Quality Improvement Plan	New

An overview of the steps within the assessment process for the National Quality Standards for Homeless Services is illustrated in Figure 4.

FIGURE 4: OVERVIEW OF ASSESSMENT PROCESS

Quality Improvement is a continuous process

It is recognised that implementing these standards and developing a comprehensive Quality Improvement Plan may be challenging, and require significant effort by service providers. Therefore a guiding principle of the framework is to create a process of continuous quality improvement. As a guide it is expected that services will develop a schedule for completing assessments of all 8 themes within a timeframe that is feasible for them. This could be one or two themes per quarter, which would see a comprehensive cyclical Quality Improvement Plan in place and reviewed in totality every one or two years.

THEME 1: PERSON CENTRED SERVICES

STANDARDS	Supporting SBHC standard	ESSENTIAL ELEMENTS	WHAT A SERVICE USER CAN EXPECT WHEN A HOMELESS SERVICE IS MEETING THESE
<p>1.1 The rights & diversity of each service user are respected and promoted.</p>	<p>1.3 SUs experience healthcare which respects their diversity and protects their rights</p> <p>1.2 SUs have equitable access to healthcare services based on their assessed needs</p>	Rights & diversity of Service users	<ul style="list-style-type: none"> Services are delivered within a framework of equal opportunities and anti-discriminatory practice.
<p>1.2 A culture of service user involvement is evident in practice and the service users' needs and views are sought and responded to at all levels of planning and delivery.</p>	<p>1.1 The planning, design and delivery of services are informed by SUs identified needs and preferences</p> <p>1.4 SUs are enabled to participate in making informed decisions about their care</p>	Culture of service user involvement	<ul style="list-style-type: none"> There is evidence of service user involvement at every level of planning and service delivery.
<p>1.3 Service users' complaints and concerns are listened to and acted upon in a timely, supportive and effective manner.</p>	<p>1.8 SUs complaints and concerns are responded to promptly, openly and effectively with clear communication and support provided throughout this process</p>	Service user complaints & concerns	<ul style="list-style-type: none"> There is service improvement through fair and transparent processing of complaints.

<p>1.4 Service users exercise choice and autonomy in their daily lives and in accordance with their preferences.</p>	<p>1.6 SUs dignity, privacy and autonomy are respected and promoted</p> <p>1.5 SUs informed consent to care and treatment is obtained in accordance with legislation and best available evidence</p> <p>1.9 SUs are supported in maintaining and improving their own health and wellbeing</p>	<p>Service user choice & autonomy</p>	<ul style="list-style-type: none"> • Service users have their choices and autonomy respected.
--	---	---	--

STANDARD 1.1	The rights and diversity of each service user are respected and promoted.
------------------------	---

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> • Service users are treated with dignity and respect, their equality is promoted and the service respects their age, gender, sexual orientation, disability, family status, civil status, race, religious beliefs or whether they are members of the travelling community. • Services have anti-bullying practice, policies and procedures in place. • Service users are assisted to understand and exercise their rights & responsibilities. • For services that work with families: <ul style="list-style-type: none"> a. Children have their rights, and plans for them, explained to them in an age-appropriate way. b. Children’s needs and perspectives are heard and considered in relation to plans for their family. c. Children are facilitated in exercising their rights. • Service users have a fair and equal opportunity to access homeless services: <ul style="list-style-type: none"> a. Services have a clear admissions policy and referral processes. b. Services state clearly in writing any exclusionary criteria that apply to service provision. c. Service users receive a written explanation communicating the grounds of any refusal of service and how they can appeal the decision. d. Service users are advised of alternative services appropriate to their needs, which they may be able to avail of. e. Services record the reason for any refusal of service and offer any person who has been excluded a reassessment if their circumstances change. • Service users’ rights under all relevant current Data Protection and Freedom of Information Acts are understood by management, staff, volunteers, students and service users. • Services facilitate access to advocacy services at the service user’s request. 	<input type="checkbox"/>

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Services implement strategies to promote and improve inclusiveness under all the pillars of equality legislation (age, gender, sexual orientation, disability, family status, civil status, race, religious beliefs or member of the travelling community). • Referral criteria are reviewed regularly to ensure they are consistent with the vision, mission and objectives of the service. • Staff receive training on rights, diversity & equality. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Written communication is made available in accessible formats and appropriate to any special requirements of the service user's communication needs, as far as is practicable. • Service user feedback is sought and used to improve service delivery. • Analysis of implemented strategies informs service delivery. • Policies and processes are regularly reviewed, and changes are communicated throughout the organisation. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • The service learns from National & International models and approaches. This learning informs practices within the service, and is shared externally. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 1.1)

EXAMPLES 1.1

- There is a service user rights charter.
- The charter clearly conveys the level of service the service user can expect.
- The charter is written in clear and easily understood language.
- The charter is clearly on display in communal areas in each service facility in the organisation.
- The charter is part of induction training for staff.
- There are rights and diversity policies in place.
- Training records.
- Diversity policy is part of induction training for staff.
- Staff can demonstrate an understanding of the policies and procedures.
- There is a review process for these policies and procedures.
- Policies and procedures available in plain English and formats suitable for the service user group.
- The service has an equal status statement.
- The service has clear referral procedures.
- The service has a clear target group(s).
- Exclusion policy in place.
- Can refusal of service be fully explained.
- Advocacy services are in place.
- The service & it's programmes and practices comply with The Equal Status Act.
- Information is available in other languages.
- Service users have access to an interpreter if required.

ADDITIONAL INFORMATION

STANDARD 1.2	A culture of service user involvement is evident in practice and the service users' needs and views are sought and responded to at all levels of planning and delivery
-----------------------------------	--

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> Services make accessible information available to each service user which sets out what the service does, how it works, how to use the service, all available supports, how the service is monitored and the complaints (and appeals) procedure. Services prominently display, or provide to the service user, a written charter of rights and responsibilities, including detail of opportunities for service user involvement in service planning. Services users are treated with care and respect by staff. For services that work with families: <ol style="list-style-type: none"> 1. Information on the service is provided to children in an age-appropriate way. 2. Children's needs and perspectives are heard and considered in relation to plans for their family. 	<input type="checkbox"/>

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • The views and preferences of service users are evidenced in all decision-making that affects them. • Service users are consulted regularly about the range of services they may require and services they can access, and this information is used to inform service planning and delivery. • Service users' views are represented at individual and organisational levels and they are recognised as key stakeholders in evaluation and planning processes and new service development: <ol style="list-style-type: none"> a. There is adequate support and training for service users to facilitate participation. b. There is training for staff on understanding and supporting service user participation. • Policies, programmes and documentation are regularly reviewed. Changes are communicated throughout the organisation. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • There is service user participation at local/regional/national level planning and policy development. • Service users are given feedback on the impact of their participation/involvement on policies and practice. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • The service learns from National & International models and approaches. This learning informs practices within the service, and is shared externally. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 1.2)

EXAMPLES 1.2

- There is a clear charter of rights in place for service users.
- There is a formal process for service users to feed back to the service.
- There is training to support the participation of service users.
- Information is available in plain English and formats suitable for service users of all ages.
- Services users are invited to participate in reviews or evaluations of service provision.
- Service user feedback sought when planning & developing services.
- Documentary evidence in service user files and case notes of identified needs and responses to said needs, service user views and preferences, and consultation with service users regarding access to services.
- Records of discussions with service users re: their experience of involvement.
- Service users participation in local/regional fora.
- Service users are involved in the decision making process within the organization. Describe the ways in which this happens, e.g. committees within the service that have service user representatives.
- Service user forum in place.

STANDARD
1.3 Service users' complaints and concerns are listened to and acted upon in a timely, supportive and effective manner

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> • A complaints procedure is in place which outlines: <ul style="list-style-type: none"> a. Process for recording formal/ informal complaints, actions and outcomes b. Designated complaints officer c. Stages and timeframes d. Appeals process. • Information on the complaints procedure is available and explained to service users in an accessible and appropriate format. • Service users are encouraged and supported to express concerns safely and are reassured that there are no adverse consequences to raising an issue of concern, whether informally or through the formal complaints procedure. • For services that work with families; <ul style="list-style-type: none"> a. The service has a child friendly complaints procedure. b. A child's complaint is considered and responded to, with the involvement of their parent/s, and in line with Child Protection guidelines. • Service users are facilitated to use an advocate or advocacy service of their choice, when making a complaint/raising a concern. • Service users have access to informal resolution of complaints, where concerns are addressed immediately at local level and, where appropriate, without recourse to the formal complaints procedure, unless the person wishes otherwise. • There is a procedure for making formal complaints. Decision-making on complaints is consistent with relevant legislation, procedures and policy and takes account of best practice guidelines. • There is an effective and objective independent appeals procedure for complaints and for decisions that affect people using the service. • Staff receive training on complaints procedures. 	<input type="checkbox"/>

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • A culture of openness and transparency that welcomes feedback, the raising of concerns, the making of suggestions and complaints is in evidence. Feedback is used to inform changes and improvements in the service provided. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Policies, programmes and documentation are regularly reviewed. Changes are communicated throughout the organisation. • Analysis of complaints is used to inform changes and improvements in service delivery. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • The service learns from National & International models and approaches. This learning informs practices within the service, and is shared externally. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 1.3)

EXAMPLES 1.3

- There is a complaints and appeals process in place.
- The complaints procedure is clearly displayed.
- The complaints procedure is clearly explained to service users at admission stage.
- There are complaint forms freely available throughout the service.
- There is a register of complaints received which logs date received, nature of complaint and outcome.
- There is a record of how complaints are resolved and the time taken to resolve complaints.
- There is a timeframe for responses to complaints in place.
- Staff and service users can demonstrate knowledge of the complaints procedure.
- There is an appeals procedure for complaints in place.
- Service users have the right to use an advocate to support their complaint.
- There is a designated complaints officer and their contact details are on display in the service.
- There is evidence that feedback and suggestions from service users have informed improvements in service provision.
- There is access to an independent appeals procedure if requested.
- Training records.

--	--	--	--

STANDARD 2.1	Homeless services offer effective and early interventions at the point of entry to prevent or reduce the experience of homelessness.
----------------------------	--

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> • People who are at risk of losing their tenancy are assisted to identify and access all available and appropriate options to either sustain their tenancies, or to secure an alternative sustainable tenancy without becoming homeless such as: <ol style="list-style-type: none"> a. Instrumental supports (financial aid/access to specific health/welfare services). b. Advice/information support (review of the person’s rights under the correct housing legislation.) c. Advocacy (landlord/ Local Authority/ Approved Housing Body/ housing provider/ other) and visiting support. d. Family mediation and support services. e. Service provides advice/ information support, or referral to a domestic violence agency, in relation to rights under current and relevant legislation. • Services provide consistent, accurate, up-to-date advice to persons at-risk-of homelessness: <ol style="list-style-type: none"> a. There is a high standard of knowledge and competence in relation to housing protections: tenants’ rights, property ownership rights, mediation and resolving disputes. b. Service users are given objective, accurate, consistent and clear information on housing options. • Where homelessness cannot be prevented, placement in temporary accommodation: <ol style="list-style-type: none"> a. Is based on an assessment of housing need by the appropriate local authority. b. Occurs only after preventative strategies have been exhausted. c. Where possible, takes into account the preferences and needs of the individual. d. Takes account of identified risk to safety as a result of violence/ abuse. 	<input type="checkbox"/>

<p>Emerging Improvement (Cont.)</p>	<ul style="list-style-type: none"> • Services that provide in-reach to hospitals and/or prisons provide targeted advice and information and make appropriate referrals to plan for the service user’s discharge. • Homeless services support the early registration of persons experiencing homelessness with the appropriate local authority, by assisting individuals to gather documentation required, as per the relevant local authority’s guidelines. • Persons who are deemed ineligible by one local authority are assisted to apply to the local authority from which they became homeless/ represents their centre of interest. • Services provide information on how to appeal decisions and the timeframes that apply to service users. • Staff receive training on advice and information provision. 	
<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • There is clear and consistent recording of the reasons for homelessness to inform planning for effective prevention strategies. • Service User feedback is sought and utilised to improve service delivery. • Policies, programmes and documentation are regularly reviewed and changes are communicated throughout the service. • Services have a designated information officer to liaise with other services to collate up-to-date information. 	<input type="checkbox"/>

<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Services monitor hospital discharges for compliance with guidelines set out by the HSE , and include that: <ol style="list-style-type: none"> a. Hospital discharge is planned in advance. b. Service is notified and confirmed in advance of discharge. c. Service user’s medical requirements are detailed in a discharge letter. • Services monitor discharges from custody of service users, who do not have an accommodation option, to inform discharge planning procedures. • Services analyse entry to homelessness by young people leaving care to inform sectoral planning. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • Services learn from national and international models and approaches. This learning informs service development and delivery and is shared throughout the organisation and sector. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 2.1a)

EXAMPLES 2.1

- There are referral protocols in place.
- There are admission, referral and exclusion policies.
- Service can demonstrate timely allocation of keyworkers/case managers.
- The key worker/case manager is named on PASS.
- The level and type of support required to exit homelessness is identified & documented.
- Staff can demonstrate a knowledge and understanding of preventative services and housing options.
- The service has an information leaflet in an accessible format for service users detailing the provision of the service.
- Staff can give examples of where they have advocated on behalf of service users and how this was carried out.
- Service can demonstrate tangible links with AHB's, Local Authority, private landlords and HAP to obtain accommodation appropriate to the service users' needs.
- Records of case management meetings and interagency working to prevent entry to homelessness or plan for discharge to homelessness from care/ hospital/ prison settings.

ADD YOUR OWN EVIDENCE

ADDITIONAL INFORMATION

STANDARD 2.2	Services offer effective assessment of housing and support needs and offer effective support planning to persons at-risk-of of experiencing homelessness.
----------------------------	---

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> • Services initiate care and support planning processes, as early as is practicable on commencement of engagement in the service. • An initial assessment of housing and support needs is undertaken by a trained and competent staff member, when a service user presents or is referred to a homeless service. • The initial assessment policy and procedure, when a service user presents or is referred to a homeless service: <ul style="list-style-type: none"> a. Contains the Biographical and Next of kin details of the service user. b. Confirms the service user understands the initial assessment process. c. Is based on the active involvement of the service user in the assessment process. d. Explains the service’s confidentiality policy and limitations which may apply. e. Establishes the reason for presentation to homeless services, and any alternative options to entry to homeless services that can be pursued. f. Determines the most appropriate service or supports to meet the service user’s immediate needs. g. Assesses for risk factors and how these can be managed. h. Requires service user consent to share information that the service user has provided for the purposes of referral to appropriate services or supports. i. Confirms that referrals made on the basis of the initial assessment have been processed. • For services that work with families: Assessment should take account of the impact of homelessness on each family member, and on family relationships and functioning. Key extended family, community, school and service relationships are identified to maximise continuity of links. • Services act on any immediate risk to service users/others identified in the assessment. • A trained and competent staff member undertakes a comprehensive assessment of housing and support needs, and a comprehensive risk assessment when a service user continues to engage with homeless services following initial assessment and comprehensive risk assessment. 	<input type="checkbox"/>

Emerging
Improvement
(EI)

- **The comprehensive assessment policy and procedure:**
 - a. Explores housing options relevant to the service user's needs and identifies specific options to pursue.
 - b. Focussed assessment and support planning on service user's strengths and empowers service users to be active participants in achieving outcomes.
 - c. Confirms the service user understands the comprehensive assessment process.
 - d. Is based on the active involvement of the service user in the assessment process.
 - e. Allows for transfer of an existing comprehensive assessment from another service with service user consent.
 - f. Explains the service's confidentiality policy and limitations that may apply.
 - g. Establishes the reason for presentation to homeless services, and any alternative options to entry to homeless services that can be pursued.
 - h. Addresses the wider needs of the service user, including;
 - 1 Accommodation: housing, and temporary accommodation requirements.
 - 2 Family and current relationships.
 - 3 Early life experiences and childhood.
 - 4 Education.
 - 5 Work and job training.
 - 6 Legal issues/ offending behaviour.
 - 7 Income and finance.
 - 8 General physical health.
 - 9 Mental health.
 - 10 Alcohol use.
 - 11 Drug use.
 - 12 Independent living skills.
 - 13 Equality issues.
- Identifies the services/supports in place.
- Determines the most appropriate service or supports to meet the service user's needs.
- Requires service user consent to share information that the service user has provided for the purposes of referral to appropriate services or supports.
- Is completed in adherence with care and case management guidelines¹.
- Confirms that referrals made on the basis of the initial assessment have been accepted.

¹Guidelines on case management protocols for homeless services can be found at: Homeless Agency Partnership (The) (2010) 'CaseManagement Interagency protocols for Homeless and Drug Services' in Section B: 'Case Management Guidebook'. Available at: <http://www.casemanagementguidebook.ie/Home/Welcome.aspx>

Emerging
Improvement
(EI Cont.)

Housing and Support Planning

- The areas, levels of support required and all risks identified on assessment are recorded in a support plan.
- **The support plan addresses:**
 - a. The housing needs of the service user by identifying achievable housing goals, taking into consideration personal preferences and all tenure options.
 - b. The wider needs of the service user based on the comprehensive assessment.
 - c. The actions/interventions agreed, planned outcomes and the responsibilities of both the service and the service user.
 - d. All existing and future services provided by external agencies.
 - e. Referrals required.
 - f. Timeframes to achieve the outcomes.
 - g. Which services must be contacted if there is an important change in a person's circumstances.
- Service users are supported to make informed decisions on every aspect of their housing and support plan and are made aware of all the housing and support options available to them.
- Housing and support plan is reviewed and updated regularly and as required in relation to changing individual circumstances .
- Accurate and timely records are kept of assessments, support plans, referrals, key working, case reviews and inter-agency meetings.

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Service user feedback is sought and utilised to improve service delivery. • Policies, programmes and documentation are regularly reviewed, and changes are communicated throughout the service. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Services audit support planning practices; analysis of audit findings informs improvement actions. • Services analyse support needs of their service user cohort in order to plan and deliver targeted interventions to address prevalent needs. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • Services learn from national and international models and approaches. This learning informs service development and delivery and is shared throughout the organisation and sector. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 2.2)

EXAMPLES 2.2

- Initial assessment records on file for all service users.
- Comprehensive needs assessment is completed and on file for all service users.
- Support plans are comprehensively completed and kept up to date.
- Risk assessment records including regular reviews.
- Staff training records.
- There is an assessment and support plan policy and procedure in place .This policy is reviewed regularly in line with best practice.
- Up to date and accurate record-keeping.
- Assessments and support plans are securely stored and made available to relevant staff and service users.
- The service demonstrates PASS compliance.
- Staff supervision records evidence monitoring of assessment and support planning.

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<p>Adult Service Users</p> <ul style="list-style-type: none"> • Services have policies and procedures in place to protect adults from all forms of abuse and neglect. • Services assess for risk of domestic abuse: <ol style="list-style-type: none"> a. Services provide (self or through referral) safety planning for persons at risk of or experiencing domestic abuse. b. Service users are provided with information on the legal protections under domestic violence legislation. c. Services refer to specialist services where appropriate. • Service users manage their own finances: <ol style="list-style-type: none"> a. Unless there is an identified need in the assessment process and action under the support plan to give support and assistance in this area. b. Where staff handle service users' money or payment cards, transparent and robust monitoring mechanisms are in place as adequate protections from financial abuse. • Services facilitate requests for gender-specific services, where there is available provision. • Service users with known histories of sexual offending are assessed for risks to self/others prior to placement in services. • Staff are trained and competent in the protection, safety and promotion of welfare of persons residing in their service. • Services have policies, procedures and system in place for the management of challenging behaviour. <p>Service users with dependent children</p> <ul style="list-style-type: none"> • Services work in partnership with children and families to promote the safety and wellbeing of children. • All staff who come into contact with children, recognise and are alert to the signs that children may need help or protection, take necessary action to minimise the risk of harm to children, and refer children to other professionals and services, where appropriate. • Services have policies and procedures to protect children from all forms of abuse and neglect, in line with national legislation⁴ and guidance under <i>Children First National Guidelines for the Protection & Welfare of Children</i>. 	<input type="checkbox"/>

⁴ Relevant legislation includes but may not be limited to, Child Care Act 1991, Criminal Justice Act 2006, Protection for Persons Reporting Abuse Act 1998, Criminal Justice (withholding of information on Offences Against Children and Vulnerable Persons) Act 2012, Children First Act 2015.

Emerging
Improvement
(Cont.)

- Services appoint a designated liaison person (DLP) to act as a liaison with outside agencies and as a resource person to any staff member or volunteer who has child protection concerns. The designated liaison person is responsible for ensuring that the standard reporting procedure is followed, so that suspected cases of child neglect or abuse are referred promptly to Tusla Child & Family Agency and or [An Garda Síochána](#). The DLP should ensure that they are knowledgeable about child protection and undertake any training considered necessary to keep themselves updated on new developments.
- Services have clearly defined procedures, which staff understand, are trained in and competent to employ, in order to:
 - a. Address staff/volunteer/service user concern for children and vulnerable adults.
 - b. Report, investigate and respond to allegations of abuse by staff or service users that prioritises the safety of children
 - c. Treat fairly those against whom allegations are made.
- Services take all reasonable and proportionate interim measures to protect children pending the outcome of any assessment or investigation.
- Emergency numbers and supports available to service users with children and children themselves are available and updated on a regular basis.
- All information and advice given to help children to care for and protect themselves is sensitive to age, gender, stage of development and any form of disability.
- Emergency numbers and supports available to service users are available and updated on a regular basis.
- Staff recruitment and selection procedures comply with current Vetting legislation.
- Services undertake a risk assessment of any potential for harm to a child while availing of the service.
- Services have a policy on the use of restraint.
- Services have policies and procedures on the provision of intimate care to service user.

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Service user feedback is sought and used to inform improvements in the promotion of safety & welfare. • Risk management systems are reviewed in line with governing arrangements to support the delivery of quality care. • Services adopt a person centred approach to the management of challenging behavior. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • There are named individuals within the service to support service users and staff, and keep them informed of progress and outcome of investigations. • Analysis of these cases is used to inform changes and improvements in the service delivery. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • The service learns from National & International models and approaches. This learning informs practices within the organization, and is shared externally. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 3.1)

EXAMPLES 3.1

- There is a child protection and vulnerable adult policy in place.
- There is a designated liaison person for Child Protection & Welfare.
- The contact details for the designated liaison person are visible in the service.
- Policies in relation to children are in line with legislation and Children First National Guidelines.
- There is a clear process in place to deal with allegations of abuse/ inappropriate conduct by staff.
- There is a policy that all incidents of alleged abuse/ inappropriate conduct involving staff are reported to Gardaí and relevant commissioning bodies, and evidence of this in practice where applicable.
- There is a risk assessment process in place, to assess Service users with known histories of sexual offending for risks to self and others.
- There are clear policies and procedures on how to manage the potential risks posed by sexual offenders.
- There is a list of emergency numbers and supports available that is visible to all staff and service users.
- There are vetting procedures in place for all staff, volunteers, and students.
- All staff have received appropriate training.
- Staff are trained in Children First.
- Training is documented in the training log.
- Whistle blower procedures in place in line with current legislation.
- Information is made available to staff on relevant local Tusla services and other relevant health and social services.
- There is a clear upward reporting structure for all staff.
- Monitoring mechanisms are in place where staff handle service users' finances.
- There are local incident reporting procedures in place.

ADDITIONAL INFORMATION

STANDARD 3.2 Services assess and manage risk to promote the safety of service users, staff and the wider community.

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> • Services create a safe environment for staff and service users: <ul style="list-style-type: none"> a. Induction to the service promotes the rights of service users and service providers to be treated with dignity and respect. b. Risk assessment and management policies and procedures, that involve service users, are in place for dealing with situations where safety may be compromised. c. Services make clear what is/is not acceptable behaviour and the rights and responsibilities of service users. d. Services meet their obligations in terms of their duty of care to service users; assessing and responding to any security, health and safety risks to service users. e. Services have anti-bullying policy and procedures in place. f. Services have ‘whistle-blowing’ policy and procedures in place. • Safe working is promoted in services through: <ul style="list-style-type: none"> a. Adequate and appropriate health and safety training for staff is in place and in line with legislative requirements. b. Safety incident management procedures. c. Child protection procedures, and procedures for safeguarding vulnerable adults and children. d. Implementation of universal precautions to ensure best practice in terms of infection control within shared living environments, appropriate to service user requirements. e. A corporate risk register is in place. 	<input type="checkbox"/>

<p>Emerging Improvement (Cont.)</p>	<ul style="list-style-type: none"> • Service users who have a physical disability or who are at risk of injury through recurrent trips or falls are monitored on the premises and have any incidents recorded on their file. Services take immediate remedial action when a hazard to service user safety is identified. • Critical Incident and accident reporting procedures are understood and used consistently by all staff and volunteers. <ol style="list-style-type: none"> a. There is internal review of adverse events and incidents and any recommendations and changes to practice arising from the review are implemented. b. Deaths of persons using homeless services and critical incidents⁵ are reported to service commissioners and other relevant authorities. • There are appropriate arrangements made available to people using services to access help in a crisis or emergency. 	
<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Services are responsive to the wider community and work to promote positive relationships with all local stakeholders. • There is reflection and learning from accidents, incidents, adverse events and deaths involving service users and/or staff. Practice, policies and procedures are reviewed on a continuous basis to ensure safe service provision to persons at-risk-of or experiencing homelessness. • Relevant staff receive incident management and investigation training. 	<input type="checkbox"/>

⁵ The following critical incidents should be notified to the Local Authority:

- Death of a service user
- Serious physical assault
- Sexual assault of an adult
- Physical assault of a minor
- Sexual assault of a minor

<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Reports are provided to board of Directors to provide timely information and assurance that all risks to service users and staff (e.g. service change and changes in resource allocation) are effectively managed. • Staff are informed of learning and resultant changes from incidents reported. • Good culture of incident reporting, management and investigation supported by continuous training across all organisational levels. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • Learning from the management of risks as well as national & international Best practice is shared throughout the service and this learning informs service delivery and is shared within the organisation and externally. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 3.2)

EXAMPLES 3.2

- There is a risk assessment and management policy in place.
- Risk assessment completed for each service user.
- Facilities are in compliance with H&S legislation.
- There is a trained staff member responsible for H&S within each facility.
- Each facility holds regular fire drills.
- Staff are trained in first aid and other relevant health and safety training.
- Staff are trained in managing violent and aggressive behaviour.
- Staff are trained in child protection procedures and procedures for safeguarding adults and children.
- There is a safety incident management policy & procedure in place.
- There are local incident reporting procedures in place.
- Staff are trained in local incident reporting.
- Records of notifiable incidents in the quarter are kept.
- Records of how many notifiable incidents were reported in the last quarter to HSE/ Health and Safety Authority/ Commissioning Local Authority are kept.
- Infection control measures and equipment in place for staff & service users.
- Policies covering cuts/wounds and provision of personal protective equipment as appropriate.
- Staff vaccination programmes in place and up-to date.
- For services working with active Intra Venous Drug Users, sharps bins and other relevant harm reduction equipment and resources in place.
- Adequate hand washing and anti-bacterial soap/gel facilities for staff, volunteers and service users.
- Incidents of recurrent trips or falls recorded in service users' files.
- Hazards to service users are identified.
- Such hazards are remedied immediately.
- Critical incident policies and procedures in place.
- Staff can demonstrate a thorough understanding of these policies and procedures.
- Clear reporting guidance in place when a critical incident does occur.
- Line of command is documented and clearly understood by staff.
- A procedure is in place to assist service users to access help in a crisis or emergency.

STANDARD 3.3	Services to person's at-risk-of or experiencing homelessness are compliant with relevant legislation regarding the security, health & safety of service users, staff, volunteers and to the wider community.
----------------------------	--

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> The provider meets the requirements of applicable legislation in each of its service locations. There is a designated person with responsibility for Health and Safety in each service, in line with legislative requirements. There is a Health and Safety statement, which covers all areas of service activity and policies and procedures to cover each identified area of risk, and this safety statement is systematically reviewed and updated regularly. Fire and evacuation policies and procedures are in compliance with legislation and reviewed regularly. Fire safety induction is provided to all persons on the premises and regular fire drills are carried out. There are regular internal and external audits of all Health and Safety records and practices. There are regular and recorded internal and external audits of all Health and Safety equipment. A building layout plan is available to emergency services in the event of a fire. Smoking policy is in line with statutory requirements. There is a lone working policy that sets out the procedure to minimize risk to service users and staff engaged in lone working. Services that provide food use a food safety management system that is compliant with HACCP principles (Hazard Analysis & Critical Control Point). Safety is a standing agenda item on team meetings. There are adequate staff on duty for safe service provision. 	<input type="checkbox"/>

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Service User and staff feedback is sought and used to improve service delivery. • Health & Safety Promotion programmes and events are a regular feature for staff and Service Users. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • The Service evaluates it's Safety culture. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • Service actively engages with other service providers to consider alternative approaches to improving service user experience and outcomes. • Service learns from National and International models and approaches and this learning informs service delivery and is shared within the organisations and externally. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 3.3)

EXAMPLES 3.3

- There is a current Safety Statement in place.
- Compliance with current Safety, Health and Welfare at Work legislation.
- All policies required by H&S/|Children First/ Data Protection/Fire legislation in place.
- There is a designated H&S Officer.
- There are fire and evacuation policies and procedures.
- Staff are trained in fire and evacuation procedures.
- There is a building layout plan available to emergency services in the event of a fire.
- Fire drill procedures and records in place.
- Service users and staff are made aware of fire and evacuation procedures on admission to the service as part of the induction process.
- There is a smoke free workplace policy in place.
- There is a lone working policy.
- Staff can demonstrate knowledge and working practice of these policies.
- There are regular audits of H&S records (including fire logs, bell tests, fire safety induction training and lift maintenance)
- There are regular audits of H&S records and practices.
- There is full insurance cover in place.
- Food service (if applicable) complies with HACCP+.

Emerging
Improvement
(EI, Cont.)

- All service activity, as outlined in the Service Level Agreement, is supported by appropriate policies and procedures, which are reviewed on an annual basis and service users are consulted as part of the review process.
- Policies are regularly reviewed for strategic relevance and updated to reflect any changes in legislation, regulation, national and local policy and standards, and made known to staff.
- Services have in place a protected disclosures policy in line with current legislation.
- Services demonstrate a positive risk management approach that identifies and manages risk.
- Induction programme in place for all staff, at all levels.
- All services have a register of interest.
- Code of governance ensures interests of service users are taken into account when making organisational decisions.

Continuous Improvement (CI)	<ul style="list-style-type: none"> • Services demonstrate leadership in the prevention and reduction of homelessness by embedding a culture of effective and early intervention in all aspects of service delivery, which is outcome focused. • Services demonstrate a strong culture of service user involvement in the planning and delivery of service. • The statement of purpose is regularly reviewed and amended to reflect organizational changes. 	<input type="checkbox"/>
Sustained Improvement (SI)	<ul style="list-style-type: none"> • Building of strategic partnerships with other stakeholders across departments/sector. • Accountability arrangements at all levels are reviewed to strengthen governance arrangements. 	<input type="checkbox"/>
Excellence (E)	<ul style="list-style-type: none"> • Governing bodies review and implement learning from all levels of the organization, and externally, to further improve their accountability framework. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 5.1)

EXAMPLES 5.1

- There is a statement of purpose, which is publicly available in accessible formats.
- There are defined organisational and governance structures.
- There is a clear and accountable management structure.
- There are clear lines of authority and accountability.
- There is internal and external accountability in place.
- An organisational risk assessment has been carried out.
- There are adequate risk management procedures in place.
- There are clear roles and responsibilities.
- Strategic planning is founded on evidence based data.
- There is a communication process in place whereby all information is circulated quickly and clearly to staff and service users.
- Staff can demonstrate that they know the reporting structures in the organisation.
- Policies are regularly reviewed.
- There is a focus on the achievement of outcomes.
- There is a designated person to contact in emergency.
- There is a safety statement.
- There is effective inter-agency collaboration and working.
- Who is on the Board of the organisation, and how are they appointed.

STANDARD 7.3 Services develop and support staff, both paid and voluntary, to deliver safe and effective services.

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> • A secure personnel file is held for all staff with up-to-date job description, contract, training, attendance, disciplinary and performance review records. • Induction training is provided for all staff and volunteers, which includes at a minimum: <ul style="list-style-type: none"> a. The mission, values, aims and objectives of the service. b. Management structure of the organisation, and roles. c. Emergency procedures. d. The policies and procedures which apply to the area of work. e. The quality standards that apply to their area of work. f. Level of responsibility, duties and supervision arrangements. • Written operational procedures and policies are clearly understood and practiced by staff. • Staff demonstrate an awareness of their individual responsibility and know how to escalate risks, incidents, concerns and complaints to line managers. • Services operate a safe environment for staff and the risk of violence, bullying and harassment from other staff or service users is minimised. • Services have a written policy on the support and supervision of frontline staff: <ul style="list-style-type: none"> a. Supervision of frontline staff occurs at regular intervals. b. There are signed and dated records of supervision which reflect practice issues discussed and support training needs raised by either party. c. Services have a policy on the support of staff. d. Staff are encouraged through supervision to be cognisant of their own health and support needs. • Staff are encouraged and supported with regard to their professional development. • Services undertake a regular training needs analysis that informs the training schedule. • Records of training are held and staff are notified when mandatory training is due. • Organisational response to critical incidents, with debriefing opportunity as an immediate support to all staff effected by critical incidents. 	<input type="checkbox"/>

<p>Emerging Improvement (Cont.)</p>	<ul style="list-style-type: none"> • Training is focused on delivering person-centred services and support. • Staff demonstrate confidence in their ability to have a practice issue, concern, and/or complaint responded to by management. • Services respond to complaints of poor performance or conduct. • Minimal reliance on relief staff. 	
<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Employee Assistance Programme available to all staff, including relief, student placements and volunteers. • Fora for staff for information sharing and learning on practice developments and emerging needs of service users and the differing/diverse skills required to respond effectively and appropriately. • Additional or increased supervision is available to staff as required/identified. • Service user and staff feedback is sought and used to improve service delivery. • Rolling programme of in-house training that covers core competencies and specific service requirements. • Policies, procedures and documentation are regularly reviewed, and changes are communicated throughout the organization. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Mentoring system in place for staff. • Where dedicated recruitment practices of ex service users are in place, there is a robust support and supervision system aligned to this. • Promotion of Continuous Professional Development through organisational policy on continued education, including support to those seeking further specialization in relevant fields. 	<input type="checkbox"/>

Excellence (E)

- Group supervision is accessible by an external agency as part of ongoing support to staff teams and managers, to allow space for reflective practice, to compliment line management supervision.
- Staff competencies reflect National & International models.

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 7.3)

EXAMPLES 7.3

- There is induction training for new members of staff.
- There is a supervision policy in place.
- Managers trained in support and supervision.
- Supervision is available at regular intervals.
- There is a clear supervisory and line management structure.
- Each staff member has a personal file which contains supervision notes, job description etc.
- Regular training is offered to staff.
- Training/CPD is a rolling agenda item for team meetings.
- Courses/ events are provided as part of CPD for staff.
- The service has an employee assistance programme.
- There is a procedure in place to enable staff to report incidents of violence, aggression, bullying or harassment towards them.
- Processes are in place to acknowledge staff input where it has contributed to positive change within the organisation.
- Team meetings are held on a monthly basis in order to ensure effective communication.
- Clear policies and procedures are available on managing violence in the workplace, incident reporting etc.
- Staff can demonstrate a practical working knowledge of policies and procedures.
- Debriefing is available following serious incidents.
- Service users are involved in informing staff training.
- Service users' perspectives are incorporated into training for staff.

ADDITIONAL INFORMATION

STANDARD 8.2	Information governance arrangements ensure secure record-keeping and file management systems are in place to deliver a person-centred and effective service.
----------------------------	--

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> Boards of governance, management and staff of services are aware of and compliant with current Data Protection legislation. Services maintain complete and accurate written records of work with service users. The opening, closing and transfer of cases is clearly documented and in line with statutory requirements under the Data Protection legislation. Each staff member has their own unique PASS login, which cannot be shared with other staff. Personal data cannot be shared with external agencies, outside of disclosures under section eight of the Data Protection Acts 1988 & 2003, without the service user's consent⁶. Record-keeping is factual, non-judgemental, shows consistency and ongoing attention to the health and accommodation needs of the service user, and also the health and safety of service users and staff. The use of the PASS client support and bed management system is clearly explained to each person on entry and the levels of consent, which apply. Each service user has a comprehensive and up to date file that includes all records relating to their housing, health and social care. People have access to their personal information in line with legislation and best practice. Services clearly explain to service users their right of access to personal information held and limitations which may apply. Service users are informed by the service on the recording and intended use of personal information, and provide consent. Service users' files are held securely and can only be removed from the premises with senior management authorisation. Services have an email policy that protects the rights of service users in regard to the transmission of personal information 	<input type="checkbox"/>

⁶ Reference : Holistic Needs Assessment Supporting Protocols and Interagency Case Management protocols, which both provide specific guidance on service user consent and sharing of information.

Emerging
Improvement
(Cont.)

- Services have clear procedures on:
 - i. Confidentiality.
 - ii. storage of personal information, including length of retention of files after the service user leaves the service.
 - iii. sharing of personal information with third parties.
- Services must take all necessary industry standard ICT security measures to ensure personal data is kept safe and secure, in line with current legislation.
- Use of confidential information is consistent with the service's confidentiality policy, which conforms with the Data Protection legislation.
- Interagency protocols are used for sharing service user information⁷.
- Personal information is only ever discussed in a secure space, which affords privacy to the service user.
- Any breaches of service user information are processed and reported under the Personal Data Security Breach Code of Practice. The breaches should also be reported to the lead local authority in the region, as defined by the Department of the Environment, Community and Local Government.
- Staff receive training on the use of PASS.
- Staff receive training on information governance including collection and recording of data, use of information systems and sharing of information.
- Staff are trained and knowledgeable in Children First with particular regard to information sharing, confidentiality and reporting of child protection concerns

⁷ Reference : Holistic Needs Assessment Supporting Protocols and Interagency Case Management protocols, which both provide specific guidance on service user consent and sharing of information.

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Service conducts audit of compliance with policies, procedures and guidance on information sharing. • Service user feedback is sought on the collection and use of information related to them. • Policies, programmes and documentation are regularly reviewed and changes are communicated throughout the service. • Service has a named person responsible for coordinating all PASS related activities. 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Service user experience informs evaluation of information governance arrangements. • Service employs trained decision makers for legislative requirements. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • Services learn from national and international models and approaches. This learning informs service development and delivery and is shared throughout the organisation and sector. • Service learns from national and international incidents relating to information governance and this learning is shared within services. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 8.2)

EXAMPLES 8.2

- Evidence of data assurance audits.
- Evidence of security measures through encryption and auditing its use.
- Trained decision makers for legislative requirements.
- Analysis of incidents, development of improvement actions and implementation of improvement plans.
- Data protection policy in place.
- Confidentiality policy in place.
- Written procedures on recording, storing and sharing information for staff.
- Data is stored in accordance with data protection requirements.
- Each relevant member of staff have a unique PASS login.
- Each service user has their own file which is stored in a secure filing cabinet that only relevant staff have access to.
- Records are accurate and up to date.
- Service user consent records
- There is a policy on access by service users to personal information held by the service.
- There is availability of private spaces within the service to discuss personal information.
- Staff are trained in accurate record keeping.
- Staff demonstrate an understanding of data protection and Freedom of Information legislation as it pertains to service users.
- File retention policy.
- Policy for dealing with data breaches⁸.

ADDITIONAL INFORMATION

⁸ <http://dataprotection.ie/docs/Data-Breach-Handling/901.htm>: a breach is defined as “an incident giving rise to a risk of unauthorised disclosure, loss, destruction or alteration of personal data”

STANDARD 8.3	Homeless services provide clear, accessible information to service users, staff, and others.
----------------------------	--

LEVEL OF QUALITY	GUIDING PROMPTS	SELECT
Emerging Improvement (EI)	<ul style="list-style-type: none"> Statistics and data on homelessness used publicly by organisations are based on documented evidence. Services have clearly defined aims and objectives linked to service activity. Aims, objectives and actions are reviewed for strategic relevance to local and national policy. Services for homeless persons ensure policies and procedures are explained to, and understood by, service users. For services that work with children: information is provided in an age and developmentally appropriate way to children in the service. Services make freely available, in an accessible format, how complaints about any aspect of the service can be made and decisions appealed. Services provide clear accurate and up-to date information to all staff, governing board members and management committees on relevant aspects of service delivery or changes in service parameters. Information provided through organisational websites, publications, printed documentation and social media outlets is accurate, evidence-based and approved by senior management and funders before dissemination. Services who facilitate direct media contact with service users do so only when deemed appropriate and following a careful assessment of any potential negative impact for the individual/ service/ local area where the service is based. When engaging with media, service users are provided with supports before during and after the event and provide informed consent. Service staff engaging with media have appropriate training/ briefing to represent the service/ organisation. Services protect the dignity and privacy of service users at all times in dealings with media and social media and in production of publications. 	<input type="checkbox"/>

<p>Continuous Improvement (CI)</p>	<ul style="list-style-type: none"> • Aims, objectives and actions are reviewed for strategic relevance to local and national policy. • Service provides access to interpreters if required. • Service User feedback is sought and utilised to improve service delivery. • Policies, programmes and documentation are regularly reviewed and changes are communicated throughout the service 	<input type="checkbox"/>
<p>Sustained Improvement (SI)</p>	<ul style="list-style-type: none"> • Information on service provision is available in accessible and easy-to-read format; information is made available in other languages, as required. 	<input type="checkbox"/>
<p>Excellence (E)</p>	<ul style="list-style-type: none"> • Services learn from national and international models and approaches. This learning informs service development and delivery and is shared throughout the organisation and sector. 	<input type="checkbox"/>

EVIDENCE TO VERIFY SELECTED LEVEL OF QUALITY (Standard 8.3)

EXAMPLES 8.3

- There is a written statement of service aims and objectives which is clearly linked to the activities of the service.
- There a plain English policy in place; information is available in an accessible format and written in plain English to ensure it is understood by all.
- The service has an information leaflet and/or website in an accessible format for service users detailing the provision of the service.
- All information is comprehensive.
- All information is proofed for accuracy.
- Information is available in other languages.
- Service users have access of an interpreter if required.
- The service has clear information on house rules, a customer charter, and rights and responsibilities of service users.
- The service has PASS leaflets on site.
- There is a service user forum for information sharing.
- There is a service user notice board displaying information such as the mission statement of the service, support services, training, education, etc.
- The complaints procedure is clearly explained to service users at admission stage.
- There is a media policy in place.
- Information that is provided to media outlets is accurate and evidence based.
